SCHOLARSHIP
2011**

BAE SYSTEMS

THE BAE SYSTEMS/C2C SCHOLARSHIP PROGRAM

WHAT IS THE PROGRAM?

The BAE Systems/C2C Scholarship Program is made up of four parts.

The Pre Tertiary Program offers Year 12 students tours of university and TAFE campuses and provides workshops to help equip you for tertiary study and an introduction to BAE Systems.

Three Scholarships per year will be awarded with the scholarship recipients receiving \$ 4500 per year.

BAE Systems Work Experience and Mentoring will give scholarship recipients paid work experience at BAE Systems and each scholarship holder will be assigned a mentor and buddy to assist with the transition to the work environment.

NAMIG Tertiary Contact Services will assist students through their transition from high school through their first year of tertiary education in 2011.

HOW TO APPLY

Complete all sections of the application form included with this information brochure.

Submit the application to NAMIG by post or hand deliver as soon as possible and no later than

16th January 2011 before 5:00 pm.

Telephone the NAMIG office on 08 8260 8903 as soon as you receive your SATAC offer letter.

Provide a copy of your SATAC offer letter to the NAMIG Office within 3 days of receipt of the letter of offer. Fax, post or hand deliver the copy of the letter to NAMIG.

Getting you from C2C to BAE

A Career in Defence

YOUR FUTURE - INTERESTING, CHALLENGING AND DYNAMIC...

The Defence Industry is not the Defence Forces. It is the broad group of companies behind the Defence Forces in Australia and the World.

The Defence Industry designs, builds, equips and maintains the services, products and platforms in the Defence Land, Air, Maritime and Joint environments. The Defence Forces use these services, products and platforms.

These companies create the communication systems, logistics systems, perform the upgrades and maintenance, as well as use technology to do a myriad of things quicker, better and safer in applications that go well beyond the defence industry and into our daily lives.

BAE Systems Australia is the biggest company in this industry in Australia.

YOUR FUTURE – CREATING THINGS LIKE THESE...

Airborne Radar Warning Receiver
Aircraft upgrades for multiple platforms
Electronic Support Measures (ESM)
Satellite Communications Systems and Terminals for Maritime and Land use
Digital Communications Receivers
Electronic Warfare Self Protection for Aero and Maritime platforms
Geospatial Information Systems
Hawk Lead-In Fighter and Training Systems
F/A 18 Hornet Support and Maintenance
Intelligence, Surveillance and Intelligence, Surveillance and Reconnaissance
Over the Horizon Radar
Maritime upgrades for multiple platforms

YOUR FUTURE - YOU CAN BE A...

Software Engineer
Electrical/Electronics Engineer
Test Technician
Aerospace Engineer
Aircraft Maintenance Engineer
Systems Administrator
CAD Engineer
Support/Logistics Engineer
Safety Engineer
Systems Engineer
